The amount is listed below under the Financial Report.</i> <i>The board received a letter from a town resident concerning a parking allocation in the center of town. He feels a conveniently located parking lot could relate to the Veterans Roll Call Memorial. He suggested that the parking lot could also benefit the General Store for the plans for live concerts. The board noted that the Veteran's Memorial is only in the planning stage and also, does not feel the proximity of the parking lot to the general store would be a factor in the development of the Veteran's Memorial. More discussion is needed to address this resident's opinion on this issue.</i>
